

**YOUR  
*Moment*  
IS HERE**

## Your Future

Management involves the coordination of resources—both human resources (people) and non-human resources (machines, materials, etc)—to achieve organizational objectives efficiently. The curriculum in management provides you with an understanding of the specialized functional areas and with a broad, integrated view of the firm as a whole.

### Career Opportunities

- Operations Managers
- Project Planners
- Sales Reps
- Sales Managers
- HR Specialists
- Management Analysts
- Bookkeepers
- Food Service Managers

### Why Study Management?

A degree in management strikes a perfect balance between theoretical and practical work. Management degrees are valued for having a high level of case-based learning, meaning that you learn from real-life examples. This varied education style is key in developing the skills that you need to manage and oversee business activities. It allows you to grow your communication skills and build your confidence for guaranteed success in the workplace.
